

# MITS

**YOUR TRUE SUPPLY CHAIN PARTNER**

**CONFIDENCE IS THE BEST PART**

# OUR STORY

ITS was founded in May 2002 by two entrepreneurs, Scott Tinker and Ryan Kohnke. For the first five years, they focused their energy on a strategy of purchasing surplus and obsolete parts from several sources, reselling them to various and diverse customers in the Aerospace Aftermarket industry. The partners then made a momentous decision that would change the future of the company and set it on a new strategic course: they purchased a complete airplane, an MD-83. The new strategy transformed the company from a parts wholesaler to a provider of more complex airframe components and systems, developing in-house technical expertise on the entire airframe. Throughout the years, ITS has expanded the number of aircraft types they serve as well as their offerings to include engines and APUs, following a strategic plan driven by current and forecasted market demand. ITS is headquartered in a state-of-the-art facility in Chandler, AZ and it is an ISO9001:2015 and AS9120B:2016 organization ensuring the quality level expected by our customers.

**Today ITS has grown from its humble origins into an industry-recognized true supply chain partner to many customers in the Air Transport Aftermarket industry, providing them with the technical expertise and the right assets located in our multiple facilities worldwide.**

## **ITS IS COMPRISED OF FOUR BUSINESSES:**

**AIRFRAME:** WE SUPPLY, SUPPORT AND ACQUIRE COMPONENTS, COMPLEX SYSTEMS AND SOLUTIONS FOR STRATEGICALLY SELECTED AIRCRAFT TYPES IN THE AIR TRANSPORT AFTERMARKET INDUSTRY

**ENGINE:** WE PROVIDE, LEASE AND ACQUIRE ENTIRE ENGINES AND ENGINES COMPONENTS WORKING WITH AIRLINES, MROS AND SERVICE PROVIDERS

**SPECIAL PROJECTS:** WE SUPPORT THE NEEDS OF COMMERCIAL AND GOVERNMENT CUSTOMERS FOR COCKPITS, DOORS, SECTIONS AND ACCESSORIES FROM A WIDE VARIETY OF COMMERCIAL AIRCRAFT

**AIRCRAFT SALES & LEASING:** WE SELL, LEASE AND ACQUIRE ENTIRE AIRCRAFT WORKING WITH AIRLINES, LEASING COMPANIES AND TRAINING PROVIDERS

# WHY **ITS**?

In an impersonal world of supply chain companies, ITS is your true partner, not only for individual components but also for complex systems, engines and solutions. We serve airlines, leasing companies, MROs, OEMs and resellers worldwide. We have developed specific capabilities to serve our customers: we have opened facilities

and offices all over the world to be closer to the customer; we have developed in-house technical experts on the components, systems and engines of the aircraft types we support; we have expanded our quality and repair expertise to match the requirements of the strictest customers.

## TRUE SUPPLY CHAIN PARTNER

## TECHNICAL EXPERTS

## RIGHT ASSETS

## ENTREPRENEURIAL SPIRIT

## CONFIDENT QUALITY

Being an ITS customer means getting the best of both worlds: you get the personal touch and the one-on-one attention of an entrepreneurial small company as well as the support, expertise, capabilities and global presence of a large company.
